

## **Vishwakarma Government Engineering College Received Rs 1.2 Cr Fund Under SSIP**

Sep-2017

At “Student Startup and Innovation Policy” Prize distribution event organized at Mahatma Mandir, Gandhinagar the students of VGEC were awarded for their innovative projects. Students achieved the first and second position for their projects in Social Innovation category. Prachi Thakkar and team who won the first prize and Rs. 25,000 have developed an Android App “PregaCare” for pregnant ladies. This App will help reduce infant mortality rate and support pregnant ladies during their pregnancy. Urjit Dave and Team won the second prize of Rs. 15,000 by the Hon. CM have started “Vishwakarma Digital Literacy Campaign” to teach computer basics to the underprivileged and backward communities. Around 400 innovative projects were submitted for this “Summer Innovation Challenge” across the state out of which the above mentioned teams were awarded. Students also took part in Smart Gujarat Hackathon to solve challenges pertaining to various departments.

Apart from that , Vishwakarma Government Engineering College were given 1.2 Cr fund under SSIP. VGEC has always kindled the entrepreneurial hunch in its students through various student-driven activities and clubs like e-Cell.
