About the Webinar

A webinar entitled “Entrepreneurship and Startup – A Success Story” was conducted by the Information Technology Department under SSIP on February 17th, 2021 from 02:00 p.m. Mr. Shrijay Sheth, an entrepreneur and Co-Founder, Legalwiz.in was the expert who interacted and guided the students about the do's and don'ts of a startup & entrepreneurship. 150+ students attended the webinar. Department Coordinator Prof. Vibha Patel and faculties also remained present in the webinar.

Objectives

- The webinar was organized to guide students about the basics of startups and entrepreneurship.
- The webinar also aimed to solve the questions of students about startups.
- To inspire students towards startups and entrepreneurship.

Discussion Points

- What is a startup and entrepreneurship?
- Qualities of a good startup leader
- What to do with an idea?
- How to build a successful startup?

Outcomes of the Webinar

- Students got the idea about how to analyze problems with clarity and conciseness and the way to implement their solutions.
- Students understood the vision and mission for a successful startup.
- Team building plays a major role in a successful startup.
- 150+ participants provided positive feedback for the webinar.

A statement by the Expert

- “Small and incremental changes to a product also have the potential to become a startup, a startup need not always be an invention, but it should make a large-scale impact.”
– Mr. Shrijay Sheth
