Invited Guest (If any)		Mr. Vivek Khemka [VGEC Alumni] Jr. Planning Engineer in the PSP Project Limited and working on the project of Dalal Street Commercial Tower, GIFT City
Date & Time	:	19 th September 2020 at 11:00 am
Venue	:	On-line Webinar
No of Participants	:	74

● **Objective of the Event**

The webinar is beneficial to the students of BE Civil Engineering which highlights the insights of current trends for the jobs in construction industries. This will help the students to get self prepared at the end of graduating from the Institute with sound knowledge and skill which industry required from the Civil Engineers. The webinar also focused on the prerequisites acquired and opportunities availed by the student who willingly work to develop their career in the Private Sectors of Construction Industries and be a part of Infrastructural development. The webinar will be conducted by the Alumni Student of Civil Engineering Department, VGEC Chandkheda Mr. Vivek Khemak who is presently working as Jr. Planning Engineer in the PSP Project Limited and working on the project of Dalal Street Commercial Tower, GIFT City.

● **Outcome of the Event**

Students of BE Civil Engineering of semester 3, 5 and 7 are benefiting from the online webinar about the various scope of Civil Engineering in the Private sectors of Civil Engineering Construction Industry. They also learned about the qualities and capabilities to be developed during the program of Bachelor of Civil Engineering. They were highly motivated towards the career goal establishment in the area of Project-Site Engineer, Project/Planning Management, Cost/Billing Engineer, Contract/Tender Engineer, Estimator, QA and QC Engineer etc. in the private sectors of civil engineering construction industries.
