Make sense!?

There are a million roads and destinations  
Winds ain't taking me anywhere  
Surrounded by chaos of confusion  
Nothing at all makes sense

The part of me that is visible  
You wouldn't ever know I'm hollow  
Emptying me into the things  
That never seem to make sense

Why to follow roads when you have air?  
Why to go to destinations that are all set?  
Why can't I fly to somewhere in the sky?  
Why do we always have to make sense?

Prisha Sheth (Sem-6)

The winter is here and it feels so cold  
Just like some memories, I don't wanna behold.  
Wanna shrink in myself, like a child in a bed  
'It will be okay', that's what my heart said  
Every night, my pillow just puts me to sleep  
And I get up everyday with dreams I want to keep  
Don't know when is the end of this time,  
But I hope it comes like the sound of the wind chime  
Here goes my pillow, putting me to long sleep  
And a new sun is up in the sky after a leap  
And here comes the spring, waking me up, 'Hey'  
Let's go to the park, flowers have something to say  
There comes the blossom after every snow,  
After every dark night, the sun surely grows.  
Don't stop moving just coz it's dark  
The darker it is, the brighter the star.

## BATTLE BETWEEN CHOICES

A path with no origin, A path with no  
end. Takes us to a voice, A voice we  
can't comprehend.

The path has the power, To bring  
about a change. But the voice controls  
the power Making it strangest of the  
strange.

The path once decided, To finally  
battle the voice. The fight was  
extreme A battle between fate and  
choice.

This never-ending battle, Led to a  
final pact Choosing between the path  
and voice, Was finally decided as  
human act.

Some chose the path, While others  
chose the voice. Soon it led to an  
outburst, An outburst of chaos and  
noise.

Humans are now divided, Humanity is  
already dead. Regret has now  
consumed humans, Regret of not  
choosing the other option instead.

The path and the voice, Should now  
reunite Or humans will be consumed,  
Consumed by their cold and endless  
smite.
