

Summer Internship AI & ML Program 2026

Training Schedule

SUMMER INTERNSHIP PROGRAM IN

AI & MACHINE

LEARNING (2026)

45-Day Intensive Online Internship

Training + Project Work

Program Highlights:

► Phase I: 15 Days of Structured Coursework

- Python for Data Science
- Machine Learning & Neural Networks
- Cyber Security Fundamentals

► Phase II: 30 Days of Practical Project Work

Eligibility & Admission:

- UG/PG/PhD Students in Science & Tech
- Faculty & Working Professionals

Important Details:

- Mode: Online
- Fee: Rs 970/-
- Stipend: Available
- Certification: Training & Internship Certificates

Register Now: https://iict.edu.in/summer_internship/

Registration Start Date: 20th April 2026 | End Date: 30th May 2026

Summer Internship Program in AI and Machine Learning (2026)

To,

Vice Chancellor, Registrar, Head of Dept, Dean, Principal,
All Central Universities, State Universities, Deemed Universities,
State Private Universities, Colleges, Institutions, All India.

Subject: Request to upload this announcement on official websites, and circulate among the students, faculty, and teachers for participation in the Summer Internship Program in AI and Machine Learning (2026) by IICT- reg

Respected Sir/Madam,

The **Indian Institute of Computing and Technology (IICT)** is pleased to announce its comprehensive 45-day Summer Internship Program focusing on Artificial Intelligence (AI) and Machine Learning (ML). This program is designed to bridge the gap between theoretical knowledge and practical application, offering participants a robust foundation in one of the most transformative fields of modern technology.

Program Overview

The internship is structured into two distinct phases to ensure a holistic learning experience:

• **Phase I: Structured Coursework (15 Days)**

An intensive series of daily lectures covering the core pillars of AI and ML, ranging from Python for Data Science to Neural Networks and Cyber Security.

• **Phase II: Practical Project Work (30 Days)**

Participants will apply their learning to real-world scenarios, developing a comprehensive project under guided supervision.

Eligibility & Admission

This program is open to a diverse range of applicants who have a foundational interest in computing and technology:

- **Students:** UG/PG/Phd students enrolled in Science, Computing, or Technology streams.
- **Academic & Professionals:** Faculty members, Research Scholars, and working professionals seeking to upskill in AI/ML.

Important Details:

- **Mode:** Fully Online.
- **Capacity:** Limited to **1,070 participants** only.
- **Selection:** Based on a **First-Come, First-Served** basis.
- **Stipend:** This is a non-stipendiary training and internship program.
- **Training Fee:** A nominal fee of **Rs 970** is applicable.

Schedule & Curriculum The curriculum is outlined below:

Day	Topic	Date
Day 1	Introduction to AI & ML	15 th June 2026
Day 2	Python for Data Science	16 th June 2026
Day 3	Data Visualization	17 th June 2026
Day 4	Statistics for ML	18 th June 2026
Day 5	Data Preprocessing	19 th June 2026
Day 6	Supervised Learning	20 th June 2026
Day 7	Linear Regression	22 th June 2026
Day 8	Logistic Regression	23 rd June 2026
Day 9	KNN Algorithm	24 th June 2026
Day 10	Decision Trees & Random Forest	25 th June 2026
Day 11	Unsupervised Learning	26 th June 2026
Day 12	Neural Networks	27 th June 2026
Day 13	Model Evaluation	29 th June 2026
Day 14	Mini Project	30 th June 2026
Day 15	Cyber Security using AI & ML	01 st July 2026

Certification

Upon successful participation, candidates are eligible for the following:

1. **Training Completion Certificate:** Awarded after the successful completion of the 15-day lecture phase.
2. **Internship Certificate:** Awarded to participants who complete the full 45-day tenure, including the submission of a satisfactory project report.

Registration Timeline

- **Opening Date:** 20th April 2026
- **Closing Date:** 30th May 2026
- **Registration Link:** www.iict.edu.in

Interested candidates are encouraged to register early to secure their seats.
